

PRESS RELEASE

Inox Wind receives a 102.3 MW order from Aditya Birla Renewables

Noida, December 15, 2025: Inox Wind Limited (IWL), India's leading wind energy solutions provider, today announced that it has secured a 102.3 MW order from ABREL EPC Ltd., a subsidiary of Aditya Birla Renewables Limited (ABReL). This is the first order secured by Inox Wind from Aditya Birla Renewables, which is for the supply of IWL's 3.3 MW turbines for the projects being developed by ABREL EPC Ltd. in Karnataka.

On this occasion, **Mr. Sanjeev Agarwal, CEO, Inox Wind Ltd.**, said, "We are delighted to have received a 102.3 MW order from Aditya Birla Renewables (ABReL), a marquee renewable project developer. ABReL has large-scale plans to set up and deliver long-term clean energy solutions to its customers and we are pleased to be part of ABREL's mission to drive India's energy transition and achieve its decarbonisation and sustainability targets. We continue to make rapid progress on developing relationships with new customers and fortifying the existing ones. New as well as repeat orders are a testament of our robust product and service offerings, which will convert into strong growth going ahead."

ABOUT INOX WIND:

Inox Wind Limited (IWL) is India's leading wind energy solutions provider servicing IPPs, Utilities, PSUs & Corporate investors. IWL is a part of the multi-billion-dollar INOXGFL Group which has a legacy of over nine decades and is primarily focused on two business verticals - chemicals and renewable energy. IWL is a fully integrated player in the wind energy market with five state-of-the-art manufacturing plants in Gujarat, Himachal Pradesh and Madhya Pradesh, where Blades, Tubular Towers, as well as Hubs & Nacelles are manufactured. With its state-of-the-art 3 MW series WTG offering, IWL's manufacturing capacity stands at ~ 2.5 GW per annum.

IWL's subsidiary, Inox Green Energy Services Ltd., is the only listed pure-play renewable O&M services company in India, having a strong portfolio (including investments) of ~ 13 GW of assets and a multi-fold growth path ahead.

Through its other subsidiary, Inox Renewable Solutions (earlier known as Resco Global Wind Services Pvt. Ltd.), IWL provides EPC services for wind projects and develops common infrastructure, including power evacuation infrastructure, for renewable projects.

IWL offers end-to-end wind energy solutions from concept to commissioning to O&M, manufacturing key components of WTGs, using the most advanced technology, in-house, to maintain high quality, reliability and cost competitiveness. IWL has ISO 9001:2008, ISO 14001:2004, OHSAS 18001 and ISO 3834 certifications for its management systems pertaining to the manufacturing, installation, commissioning and O&M of wind turbines. With strong promoter backing, healthy balance sheet, robust stakeholder relationships, and bright macro prospects, IWL is embarking on an exciting journey of growth and profitability.
