

About Inox Solar

Inox Solar, a 100% subsidiary of Inox Clean Energy, aims to be a fully integrated solar energy player offering end-to-end turnkey solutions from manufacturing of solar cells & modules to EPC (Project Development & execution) as well as post commissioning O&M of the projects. The company aims to rapidly scale up over the next 2 years targeting 4.8 GW of solar module and 2.4 GW of solar cell manufacturing capacity across two facilities located in the states of Gujarat and Odisha, along with strong EPC and O&M capabilities.
