

PRESS RELEASE

Inox Wind secures a 100 MW order

- **Receives order for supply of 100 MW with limited scope EPC**
- **Multi-year post commissioning O&M services to be part of the contract**

Noida, November 13, 2025: Inox Wind Limited (IWL), India's leading wind energy solutions provider, today announced that it has secured a 100 MW equipment supply order from a leading green energy transition platform. This order is for the supply of IWL's state-of-the-art 3.3 MW turbines for the projects being developed by the customer in Gujarat. Additionally, IWL will provide limited scope EPC for the project as well as multi-year operations & maintenance (O&M) services post the commissioning of the turbines.

Speaking on the occasion, **Mr. Sanjeev Agarwal, CEO, Inox Wind Ltd** said, "We are delighted to have secured a 100 MW order from a new customer, with several additional orders to be received going ahead. This order follows up our recent 229 MW wins from other existing and new customers, taking our total order inflow in FY26 to ~ 400 MW till date. We are in advanced stages of closure for securing multiple other orders which will ensure that our year-end net orderbook meets our execution guidance for the subsequent 18-24 months. With the strong momentum across the hybrid renewables space in India, we believe that the forthcoming opportunities in the wind industry are substantial."

ABOUT INOX WIND:

Inox Wind Limited (IWL) is India's leading wind energy solutions provider servicing IPPs, Utilities, PSUs & Corporate investors. IWL is a part of the multi-billion-dollar INOXGFL Group which has a legacy of over nine decades and is primarily focused on two business verticals - chemicals and renewable energy. IWL is a fully integrated player in the wind energy market with four state-of-the-art manufacturing plants in Gujarat, Himachal Pradesh and Madhya Pradesh, where Blades, Tubular Towers, as well as Hubs & Nacelles are manufactured. With its state-of-the-art 3 MW series WTG offering, IWL's manufacturing capacity stands at ~ 2.5 GW per annum. IWL's

subsidiary, Inox Green Energy Services Ltd., is the only listed pure-play renewable O&M services company in India, having a strong portfolio (including investments) of ~ 12.5 GW of assets and a multi-fold growth path ahead. Through its other subsidiary, Inox Renewable Solutions (earlier known as Resco Global Wind Services Pvt. Ltd.), IWL provides EPC services for wind projects and develops common infrastructure, including power evacuation infrastructure, for renewable projects.

IWL offers end-to-end wind energy solutions from concept to commissioning to O&M, manufacturing key components of WTGs, using the most advanced technology, in-house, to maintain high quality, reliability and cost competitiveness. IWL has ISO 9001:2008, ISO 14001:2004, OHSAS 18001 and ISO 3834 certifications for its management systems pertaining to the manufacturing, installation, commissioning and O&M of wind turbines. With strong promoter backing, healthy balance sheet, robust stakeholder relationships, and bright macro prospects, IWL is embarking on an exciting journey of growth and profitability.
